---

Hey Chip – just saw the COP release on the local economic impact of the river cleanup.

I can provide more details regarding this at Arkema if this was the basis for your questions (e.g., local equipment rental, local consulting teams ERM and Integral, supply purchase (large volumes of rock, concrete lock blocks, fencing etc.)).

Matt

Matt - Do you have info on the contractor(s) doing the uplands work at Arkema? Just wondering if they are local.
